THE ASKLEPIEION 1958

The ASKLEPIEION at Memphis, Egypt, was to the ancient world as the Medical Units at Memphis, Tennessee, is to modern medical education . . . one of the outstanding areas for the study and practice of the healing arts. The ASKLEPIEION, as it was called by the Greeks, was a temple erected to the honor of the greatest of all Egyptian physicians—Imhotep—and consisted of a series of chambers and halls, some of which were devoted to the instruction of new physicians, others for the accommodation of patients, and still others were utilized for the preparation and preservation of an extraordinarily rich *materia medica*.

The ASKLEPIEION at Memphis apparently possessed a large collection of medical rolls which had inscribed in them not only therapeutic prescriptions, but also the course of treatment for about 250 different disease entities. The value of this collection is indicated by the fact that many of the drugs, prescriptions, diagnostic procedures, therapeutics, and patient care subsequently spread throughout Europe via the Greeks and Romans.

It is to the memory of the venerable physician Imhotep (ca. 3000 B.C.) whom Sir William Osler chose to call "Doctor," and more particularly to the recognition of the famous medical center that existed for centuries at Memphis, Egypt, that this book is named.

Harry, J. R., IMHOTEP, 1928.

GRADUATE SCHOOL

One of the important objectives of the School of Biological Sciences, since its organization in 1923, has been to promote graduate student training in the basic medical sciences. Operating under the general regulations and control of the College of Liberal Arts of the University, the School of Biological Sciences has sought increasingly to furnish opportunities to young men and women to become teachers and investigators in the field of anatomy, biochemistry, pathology, microbiology, pharmacology and physiology. The Graduate School offers courses in these various divisions of the School of Biological Sciences leading to the Master of Science and Doctor of Philosophy degrees. The wide diversity of research programs within the Medical Units allows for excellent training of capable students in the fields of basic science or clinical research. A large number of the graduate students serve as Teaching Fellows, Research Assistants or Graduate Assistants during their course of study; this not only broadens their experience in the field, but also aids financially in obtaining such training.

SCHOOL OF BIOLOGICAL SCIENCES

On this page and on the preceding page are shown pictures of graduate students at work in the research laboratories of the various divisions. Each student is required to undertake and complete an original research problem in a particular field of the medical sciences which he may choose. Some of the investigations in progress by students shown in these pictures include the effects of the thyroid gland on cold-induced stress, studies of sulphur metabolism, the treatment of radiation sickness in the primate, a study of copper metabolism in the brain and the effects of diet on fat metabolism.

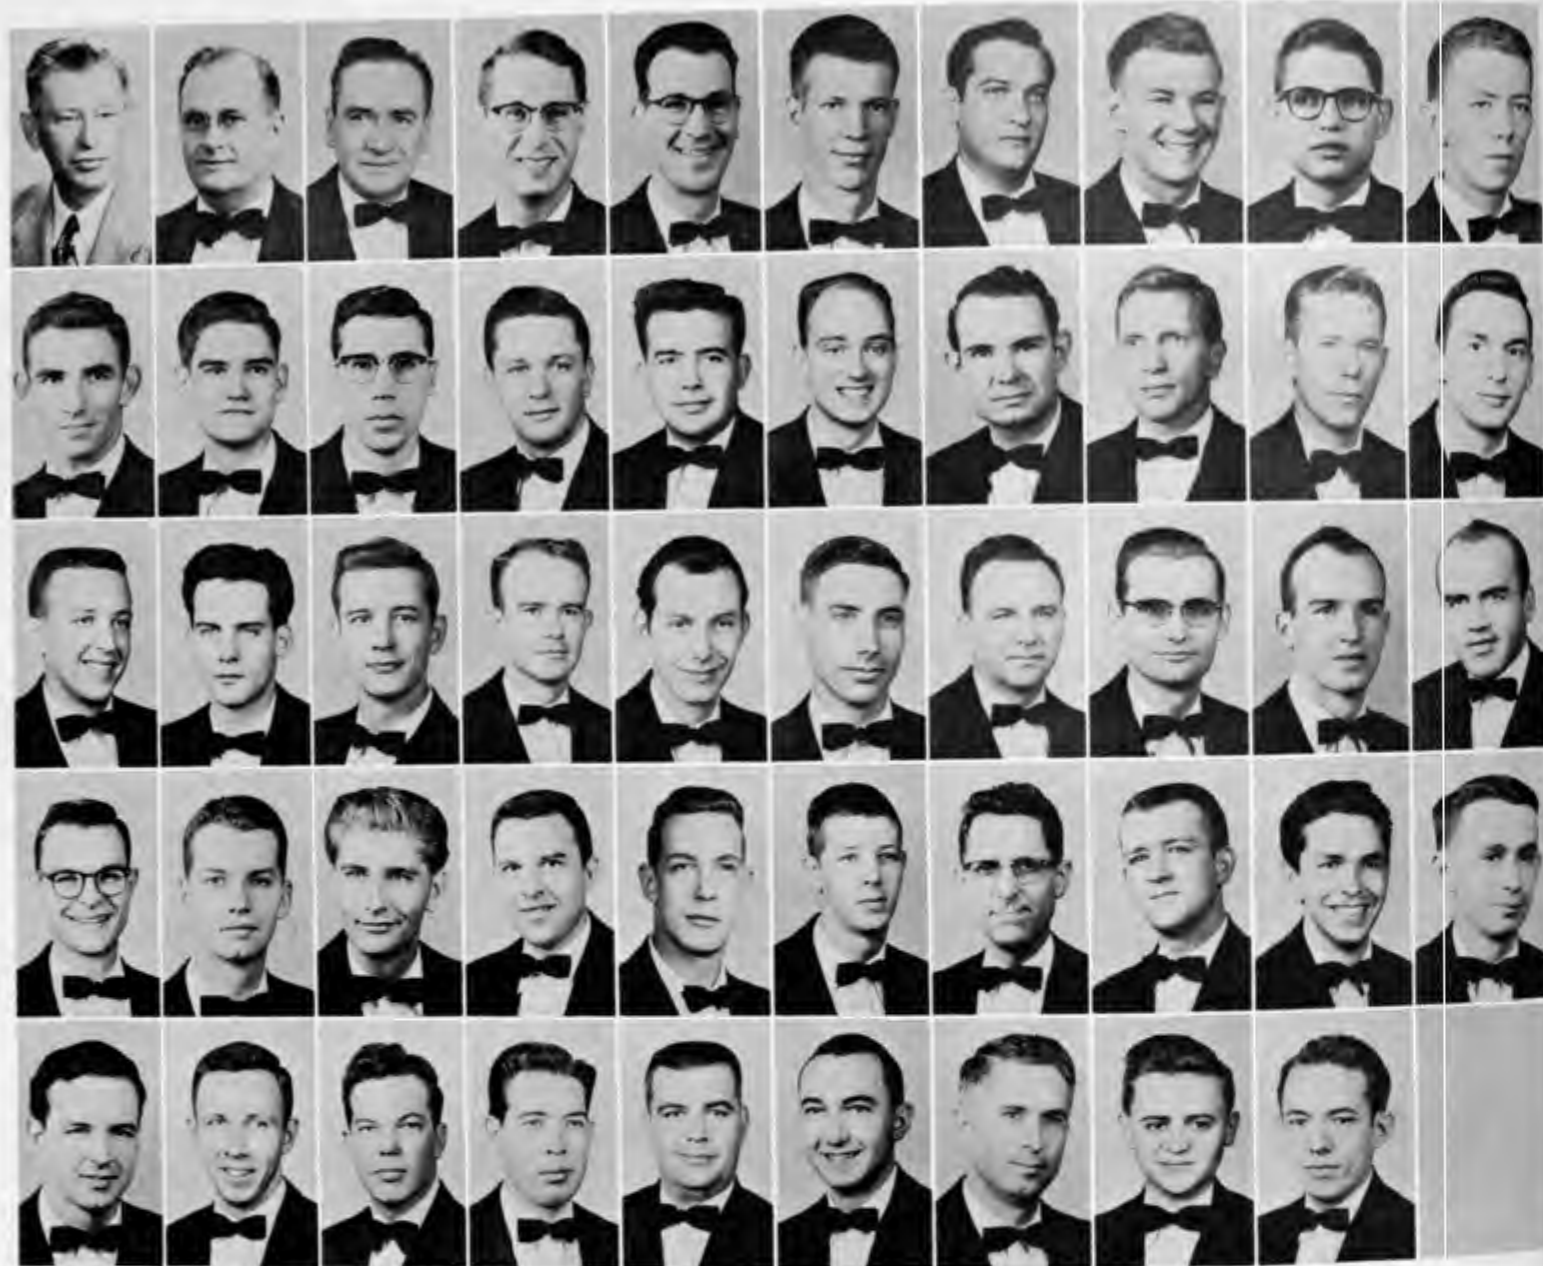

In the 30 years since 1923, the University through the School of Biological Sciences has granted a total of 77 Master of Science degrees and 34 Doctor of Philosophy degrees. The present enrollment of the Graduate School numbers some thirty-three persons.

Omega Chapter of Alpha Kappa Kappa is now celebrating its fifty-fifth year at U.T., which makes it the oldest medical fraternity on the campus. The first chapter of Alpha Kappa Kappa was formed at Dartmouth College September 29, 1888, and the local Memphis chapter was organized March 24, 1903.

The present chapter house has been located at 814 Adams for the past 12 years, and at present plans are underway for construction of a new chapter house on Court Avenue to be completed by 1959. This has been the dream of the Omega Chapter for many years, and has been made possible through the generous support of our many alumni.

1959 will be a big year for Omega. The national convention held in Richmond, Virginia in August, 1957, has accepted an invitation to hold the next bi-annual meeting in Memphis. Plans are being made to make this one of the biggest and most successful conventions in A.K.K.'s history.

Outstanding social events of the past year included the annual Thanksgiving and Spring dances, and the Alumni banquet which were held at the Rainbow Terrace. Our lovely sweetheart, Mrs. Sue Bork was presented at the spring Dance. Each quarter lively rush parties are planned for the new medical students, and a cordial invitation is extended to attend buffet suppers and meetings held each first and third Monday night of the month.

FIRST ROW: Dr. Ralph R. Braund, Primarius; Dr. Clyde V. Crowell, District Deputy; Dr. Charles E. Pack, Sponsor; Thomas F. Carter, John P. Eichmiller, William A. Pettit, A. S. Garrett, Jr., Joe A. Campbell, Stephen T. Farr, Cosmo L. Haun.

SECOND ROW: Carter F. Miller, William C. Dowell, Frank H. Genella, Jr., John R. Maddox, Jr., John T. Albritton, Sanford Bennett, III, Lynn F. Blake, Herbert H. Bockian, Charles Corbin, Richard L. Dillard.

THIRD ROW: Newell Finchum, Max Foner, Charles L. Frost, George W. Galloway, Jr., Michael E. Glasscock, III, Harvey H. Grimes, Warren G. Hayes, James M. Haymore, Robert M. Herndon, Roger L. Hiatt.

FOURTH ROW: William M. Hicks, J. E. Hill, Herbert H. Hollis, Arthur P. Kelly, Jay W. Maxwell, Thomas E. Miller, Harold E. Mitzelfelt, Ernest R. Neely, A. W. Nisely, Joe S. Petty.

DELTA SIGMA DELTA

Watch out for those Pigeons!

Presentation of the Intramural Trophy to the new Grand Master, Jim Ross.

Delta Sigma Delta Fraternity was founded at the University of Michigan November 15, 1882 by seven founders and this date is celebrated as Founder's Day.

The founding of Kappa Kappa Chapter was brought about by two events, the closing of Vanderbilt University College of Dentistry and Kappa Chapter at Nashville and the opening of the College of Dentistry, University of Tennessee, in Memphis. The seed from which this chapter grew really sprouted in Kappa Chapter at Vanderbilt. Kappa, founded in 1896, was the first chapter in the South. When Kappa Chapter became inactive, it was natural to expect the new school at Memphis to be a place for rebirth. On May 27, 1921, twelve students organized Kappa Kappa.

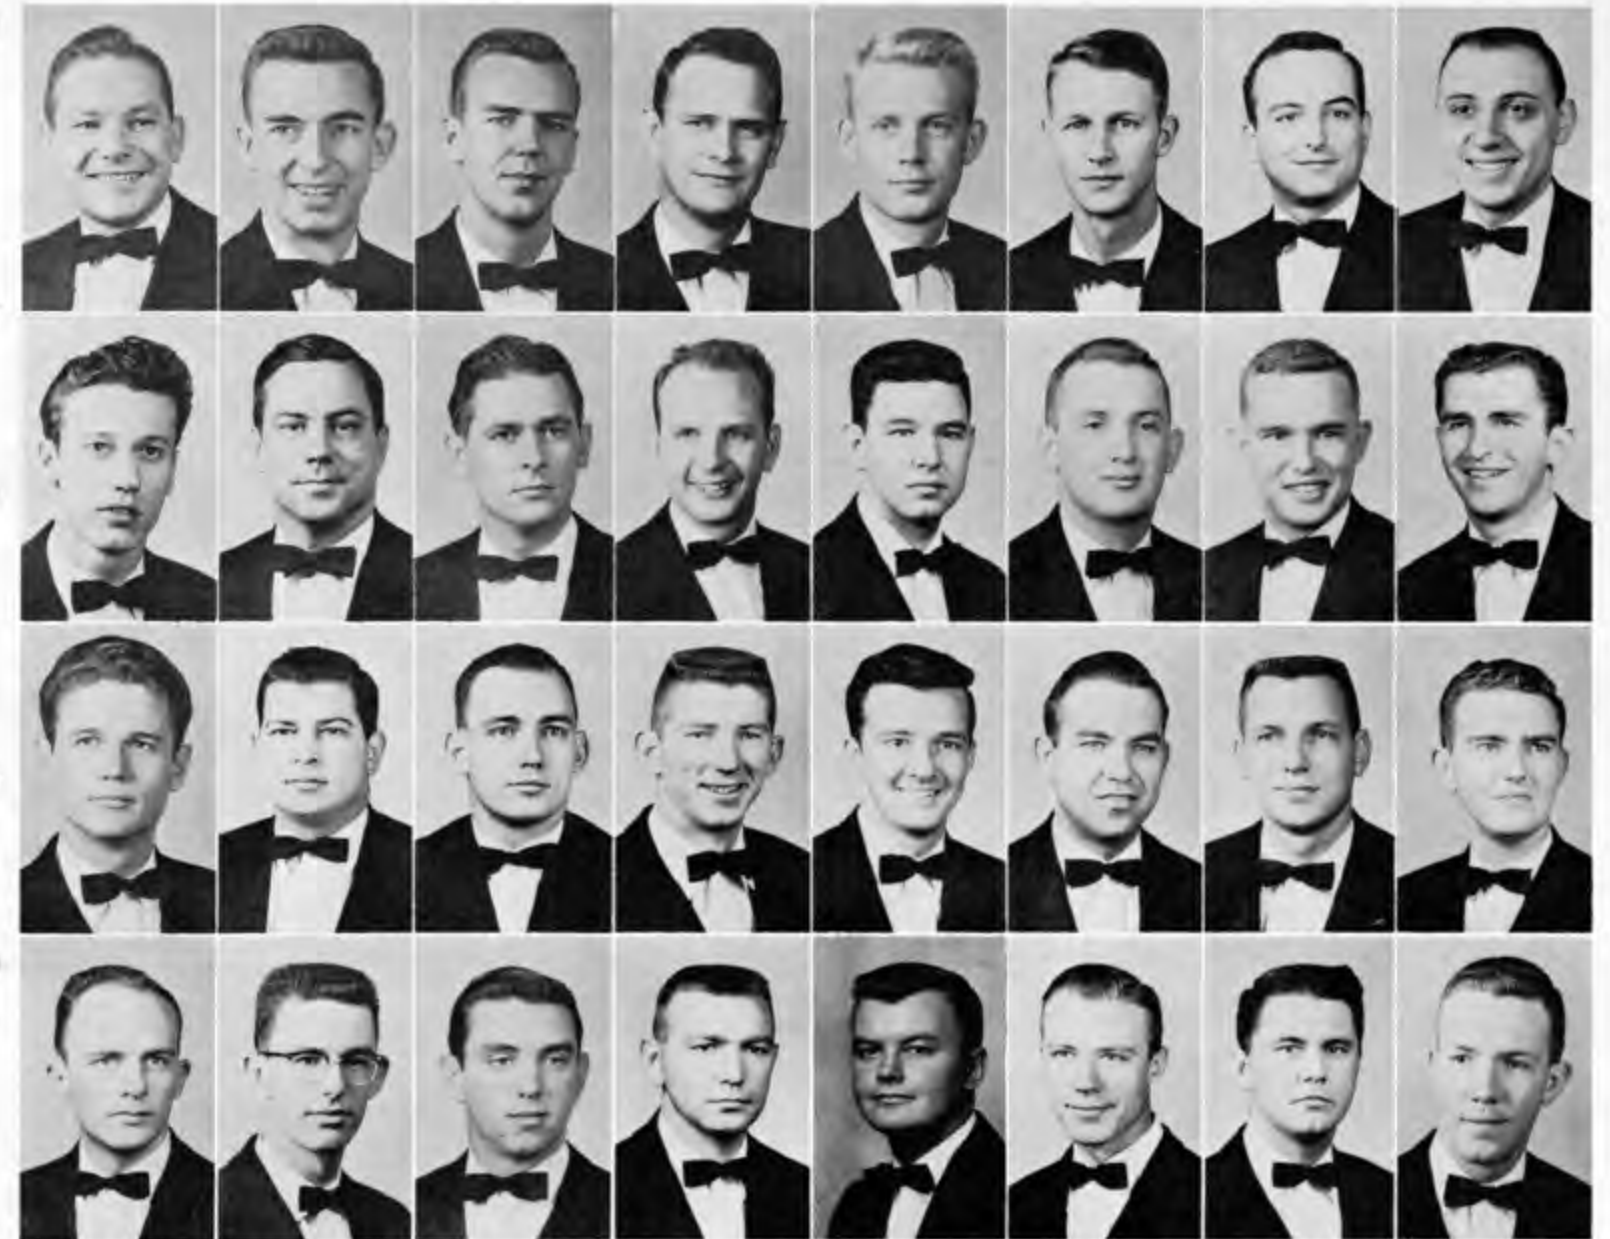

The future of Kappa Kappa is very promising. Interest in the semimonthly meetings is good and the ideals and fellowship are excellent. The Supreme Chapter members now on the teaching staff exceed in number all other faculty members combined. The present indeed does foretell a very promising future.

KAPPA PSI

Practical Math!

Then I took her home

Kappa Psi Pharmaceutical Fraternity made its appearance to the professional fraternity world at Russell Military Academy, New Haven, Connecticut on May 30, 1879. It was the first pharmacy fraternity to join the ranks of professional fraternities.

Psi Chapter was organized on the UT campus in Memphis in 1913. Psi is now one of forty-seven active collegiate chapters and twenty-two active graduate chapters with more than 25,000 members.

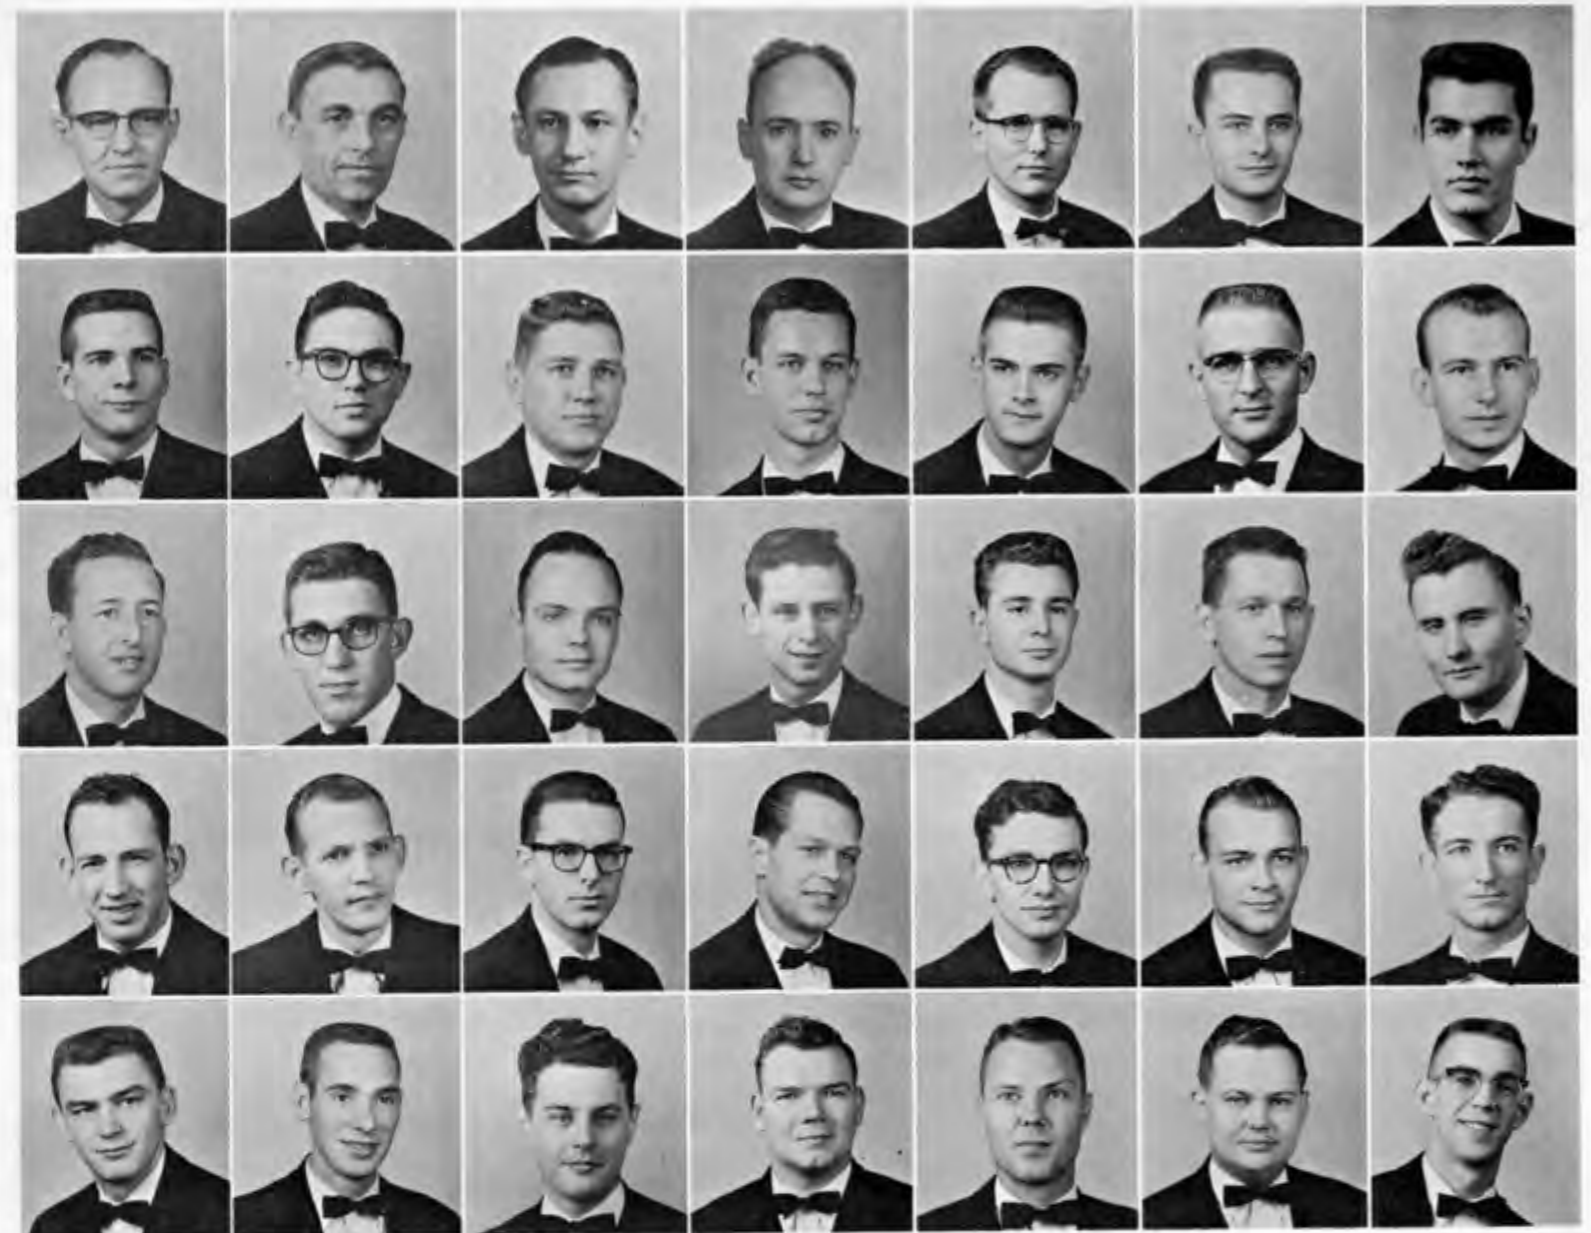

Kappa Psi men are leaders both on the campus and in their profession. Without exception each class president now active was chosen from our ranks. The great majority of our faculty also hail Kappa Psi.

With their objectives ever before them Kappa Psi men have sought to advance the Profession of Pharmacy, to develop fellowship among members of the profession, and to foster high ideals for the mutual benefit of Kappa Psi men everywhere.

Next Morning—What Party?

PHI CHI

I wish I had a date.

We won these trophies by singing.

The Phi Chi Medical Fraternity was founded at the University of Vermont on March 31, 1889 and since this time has rapidly grown to become the world's largest medical fraternity with 58 active chapters and 42,500 members.

The Alpha Beta Chapter had its beginning in the latter days of 1913 and was installed on April 4, 1914. In 1930 the chapter members, with the untiring aid of the Alpha Beta Welfare Association, purchased and moved into the beautiful and extraordinary "Baldaur" at 216 N. Waldran Blvd. This was at that time and has remained the showplace of the local fraternities.

At present Phi Chi is the largest and the most active of the medical fraternities at Tennessee. The present chapter membership is one hundred fifty-five with approximately sixty of those residing in the house.

At the helm of Phi Chi is Presiding Senior Charles Warren who is ably assisted by Presiding Junior Don Frank. Doy Freeland records the minutes and Bob Peterson adequately handles the financial matters. Roland Guice is our newly elected and capable house manager. One of the most important people in the success of our fraternity has been our loyal and faithful house boy the Reverend "Nimrod" Tucker, who was recently elected Chief Steward of Phi Chi.

The highlight of the Phi Chi social schedule is the annual Founder's Day Celebration, held each year on February 26. It was at this most recent celebration that our charming sweetheart, Mrs. Jeanette Middleton, was presented. In addition to this the fraternity holds at least one orchestra party each quarter and a juke box party can be found in progress in our ballroom on practically any Saturday night.

The Phi Chis are consistently on top in intramurals having won the grand trophy for nine consecutive years previous to this year. In spite of its size the Phi Chis are also a consistent leader in the race for scholarship award—a fact that many of us take much pride in.

Phi Chis are well-known as campus leaders, holding down the majority of the class office positions—in addition Bob Peterson serves as vice president of the student body.

FIRST ROW: Will G. Quarles, Charles F. Warren, Colin L. Fox, George E. Holaday, D. LeRoy Parsons, Luther T. Adams, A. Julian Ahler, Richard E. Akers.

The origin of professional societies is lost in antiquity but the first Greek letter fraternities appeared in the United States between 1875 and 1885. The two largest organizations of this type in the pharmaceutical field were both organized during this period. PHI DELTA CHI was founded on November 2, 1883 at the University of Michigan where eleven men gathered to effect such an organization.

The exact date of the adoption of the two Greek letters PHI and CHI for the name of the organization is indefinite. But, in 1887 the group adopted various signs and a ritual and became a secret Greek letter society known as Phi Chi. The two Greek letters adopted represented the two professions being served—pharmacy and chemistry. Since 1950 PHI DELTA CHI has been exclusively for students of Pharmacy.

In 1895 negotiations were begun with a group of students at the College of Pharmacy of Northwestern University and Beta Chapter was established there in 1896. It was at this time that PHI DELTA CHI became a national fraternity.

During the early 1900's difficulties developed in regard to the name of the fraternity. There was conflict with Phi Chi medical Fraternity organized at the University of Vermont in 1889. As a result of this controversy our fraternity adopted a third Greek letter into its name. It inserted the Greek symbol Delta which means equality.

During the next 30 years PHI DELTA CHI membership began to drop in number as were the rest of the professional fraternities due to the war, recessions, and the depression. Since 1945, however, the growth of PHI DELTA CHI has again continued and today is at the peak of strength with 32 active chapters and with very few inactive chapters.

OMEGA of PHI DELTA CHI was organized at the University of Tennessee at Memphis in 1922 under the influence of Dr. R. L. Crowe who at this time was Dean of the University of Tennessee School of Pharmacy. Its colors are Old Gold and Dregs of Wine. Its flower is the red carnation. The OMEGA House is located directly across from the Pharmacy Building at 879 Union Ave.

The reason for PHI DELTA CHI's continued existence is due to the interest which has been maintained throughout the past seventy five years, for the continued helpfulness of the Brothers toward each other and willingness to follow the purpose of the fraternity as originally expounded in 1883 in Ann Arbor, Michigan—"The object of this association shall be to advance the Science of Pharmacy and to foster and promote a fraternal spirit among its members."

PHI RHO SIGMA

I never quit cramming

Cramming for quizzes, the mad rush to "catch" the baby, or just 'secting old Mme. Cadaver—these are some of the memories we'll take from med school; but we will also remember and cherish our lives in Phi Rho Sigma. Sure, there was the study session, but also there was a great deal of lively fun. Who can forget the snowball fights on the lawn, intramural games, or the prank that sent the troops 'a roaring?

For the past year Charles York did the bossing, George Day handled the vice, Martin Perez scrawled endlessly, and Tom Duncan ran the counterfeit machine. Richard Gillespie put nails in the walls and double checked the grocery bill. Drs. Bruesch, Chisolm, and Teabeaut threw out barrels of good advice. Julia Brown (Pop Brown's wife) was presented as fraternity sweetheart. Harold Dumas was named Fraternity Best in Athletics, and Joe Knight Fraternity Scholar. Erskine Moore took scads of pictures (as usual). And SOMEBODY put shaving cream on the phone ear-pieces.

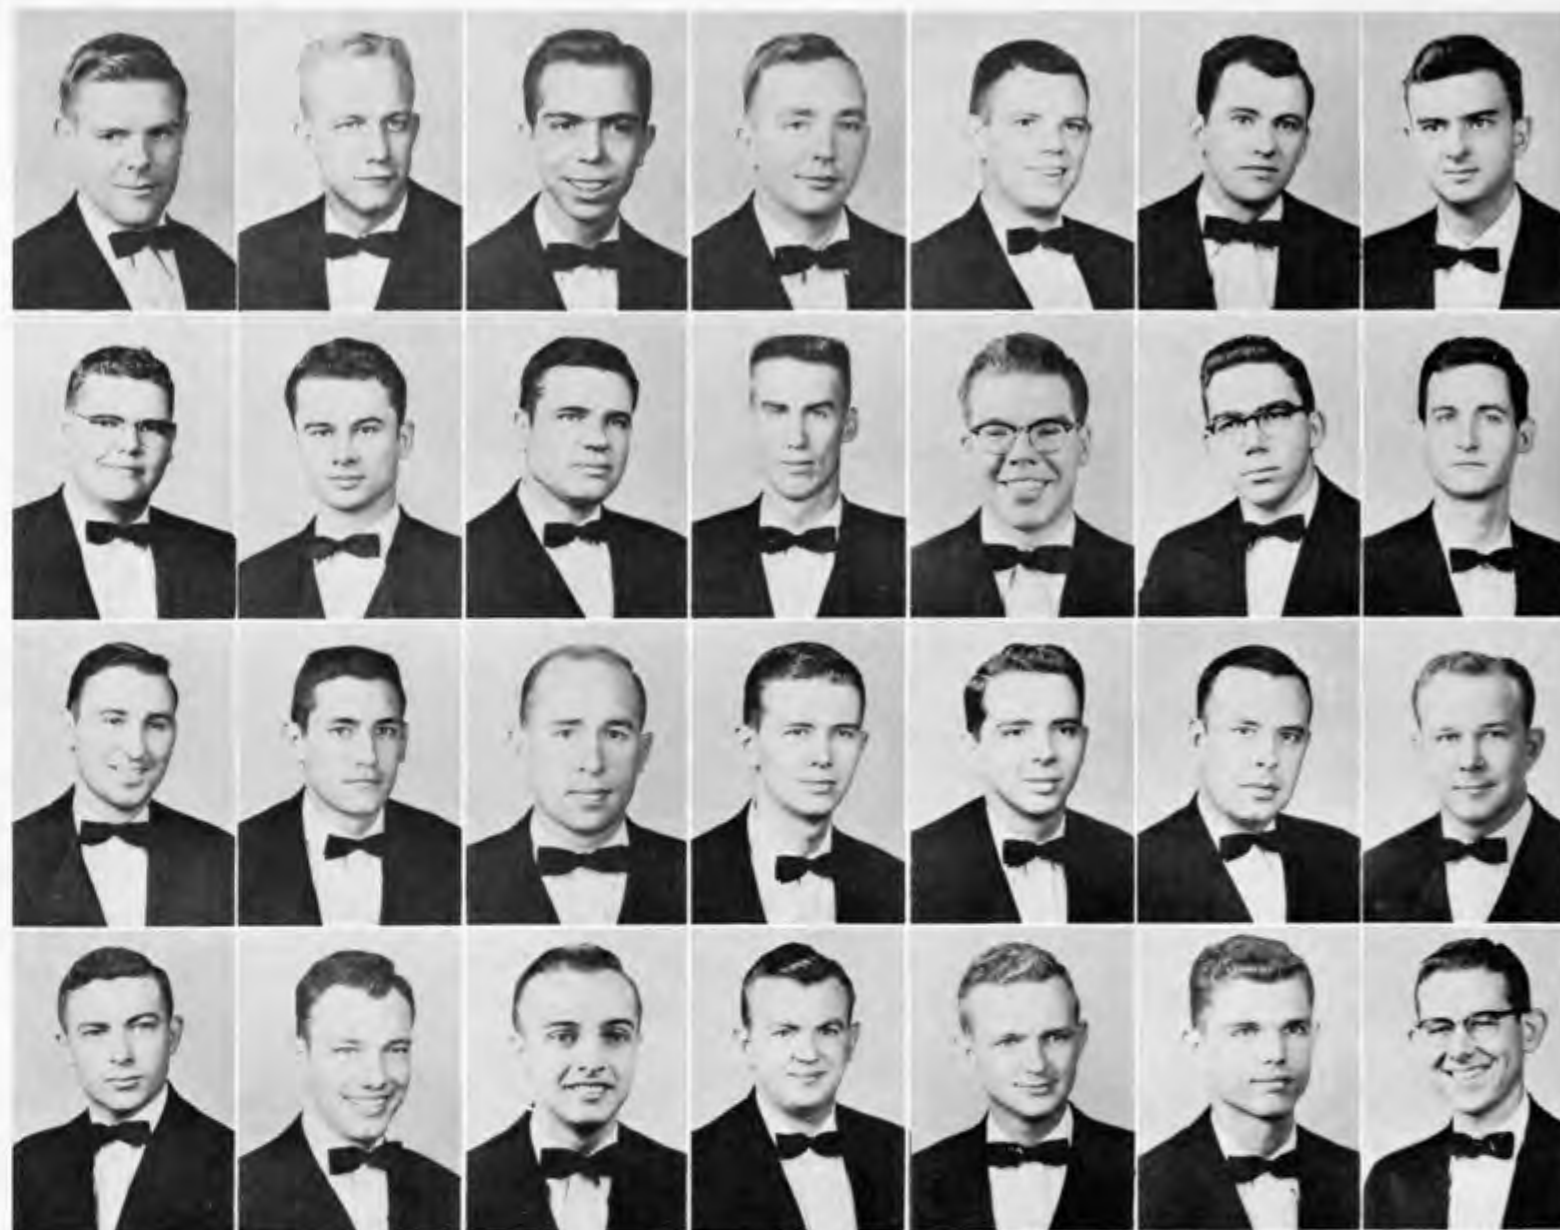

I'm the purple people eater.

Psi Gamma Chapter of Psi Omega, located at 1234 Union Avenue, is the largest dental fraternity on the University of Tennessee Medical Units Campus. Psi Gamma Chapter was founded in 1926 and at the present time boasts a membership of one hundred fifty-three members. The scholarship award has been presented to Psi Omega for the past four quarters, suggesting the high standards of academic achievement being stressed by the fraternity. Psi Omega's rush parties and informal get-togethers in "The Pine Room" are always affairs to be remembered.

The basic aim of the fraternity is to promote the dental profession among the undergraduate members as well as the advancing of the field of dental education both here at the University as well as nationally.

Xi Psi Phi Fraternity was founded at the University of Michigan in 1889, and now has a total membership of well over 20,000. At present there are 33 Active Chapters and 49 Alumni Chapters.

Alpha Omicron Chapter was organized at the University of Tennessee College of Dentistry in 1921 and the Chapter was reactivated in 1947.

The Xi Psi Phi Fraternity is a brotherhood of men chosen from those who have decided upon a career in the profession of Dentistry. It was organized for the purpose of providing a better, more substantial foundation upon which to build a successful professional life; of creating a desire for a cleaner, healthier and more wholesome atmosphere in which to live; of developing an appreciation of the qualities of friendship and hospitality; and of stimulating a desire to include these qualities in the character of its members.

The Scholars of the Campus

Phi Delta Epsilon is a nonsectarian medical fraternity founded in 1904 by eight medical students at Cornell University Medical College. Presently the fraternity records 15,000 members, 49 active chapters and 31 graduate clubs. Beta Eta Chapter was established at U.T. College of Medicine in 1929. Throughout the years it has served to foster a close relationship among its membership and among the many alumni now practicing in Memphis and the mid-south.

Phi Delta Epsilon is especially proud of its high scholastic record that has been maintained over the decades. The fraternity has consistently won the scholarship trophy presented each year to the medical fraternity with the highest scholastic average.

Dr. I. D. Michelson, Associate Prof. of Pathology and Microbiology, has been the guiding forces in building the chapter since its inception in 1929. Through his continued enthusiasm and untiring efforts as fraternity advisor, the organization has remained an enduring source of fraternalism for its members and alumni.

1957-58 Grand Intramural Champions and Runners-Up Receive Trophies

A three way race for the Grand Intramural Trophy highlighted the fraternity athletic program of nineteen events. Delta Sigma Delta, off to a fast start, held on long enough in the stretch to win over Phi Chi by only five points. Phi Rho Sigma, with a strong finish, took third place, thirty-five points behind the leader.

In other intramural activities, the Medical Class of September '57 took the 1957 Class Softball Championship, the White Caps won the Women's Volleyball Championship, Jim McLaughlin won the "Open" Golf Tournament and Tom White won the "Open" Tennis Tourney.

Toof Boone and Jerry Crook were named the Best Athlete and the Best Sportsman by the intramural managers and thus received the K. R. Van Horn awards for 1957.

ALPHA OMEGA ALPHA

Ἀξίως ὠφελεῖν τοὺς ἀλγοῦντας
 "To be worthy to serve the suffering"

The Alpha Omega Alpha honorary medical fraternity was founded at the University of Illinois in 1902 by Wm. W. Root. This is a non-secret society membership to which is based entirely on scholarship, moral qualifications being satisfactory. It is the only order of its kind in medical schools on this continent. The society is open to both men and women. It is not a social organization. The annual dinner of the National organization is held in June of each year and is followed by an address delivered by a speaker of eminence. The address is known as the Wm. W. Root Address.

Eligibility: Student membership is based on scholastic excellence of men and women who, as undergraduates, have given promise of becoming leaders in their profession. Selections are made in the junior and senior years. No student shall be excluded on the ground of sex, race, creed, or color, nor shall unpopularity among his fellows or teachers be a bar to his election. Total number selected from any class shall not exceed one-sixth of the total number expected to graduate. A graduate of a college in which a chapter exists, though not elected as an undergraduate but who, after ten years or more following graduation, may be elected on the basis of outstanding achievement as an alumnus or alumna member. Honorary members are also elected from the ranks of physicians who have attained noteworthy distinction in any worthy line of human endeavor and of persons, whether physicians or not, who have gained unusual recognition in fields related to medicine.

JOE P. ANDERSON
 R. B. ROBERTSON, JR.
 F. L. ROBERTS, M.D.
 JAMES B. HUGHES, M.D.

OFFICERS

President
Vice-President
Secretary-Treasurer
Faculty Advisor

The Deans' Society was founded at the University of Tennessee on December 6, 1948. It is an honorary society for undergraduate students in the College of Dentistry. It was named by its founders to honor Dr. Richard Doggett Dean, former Dean of the College of Dentistry and his wife, Dr. Marguerite Taylor Dean, former Associate professor of Oral Pathology. Its membership consists of outstanding Junior and Senior students who are selected by a combined Faculty-Student Election Committee.

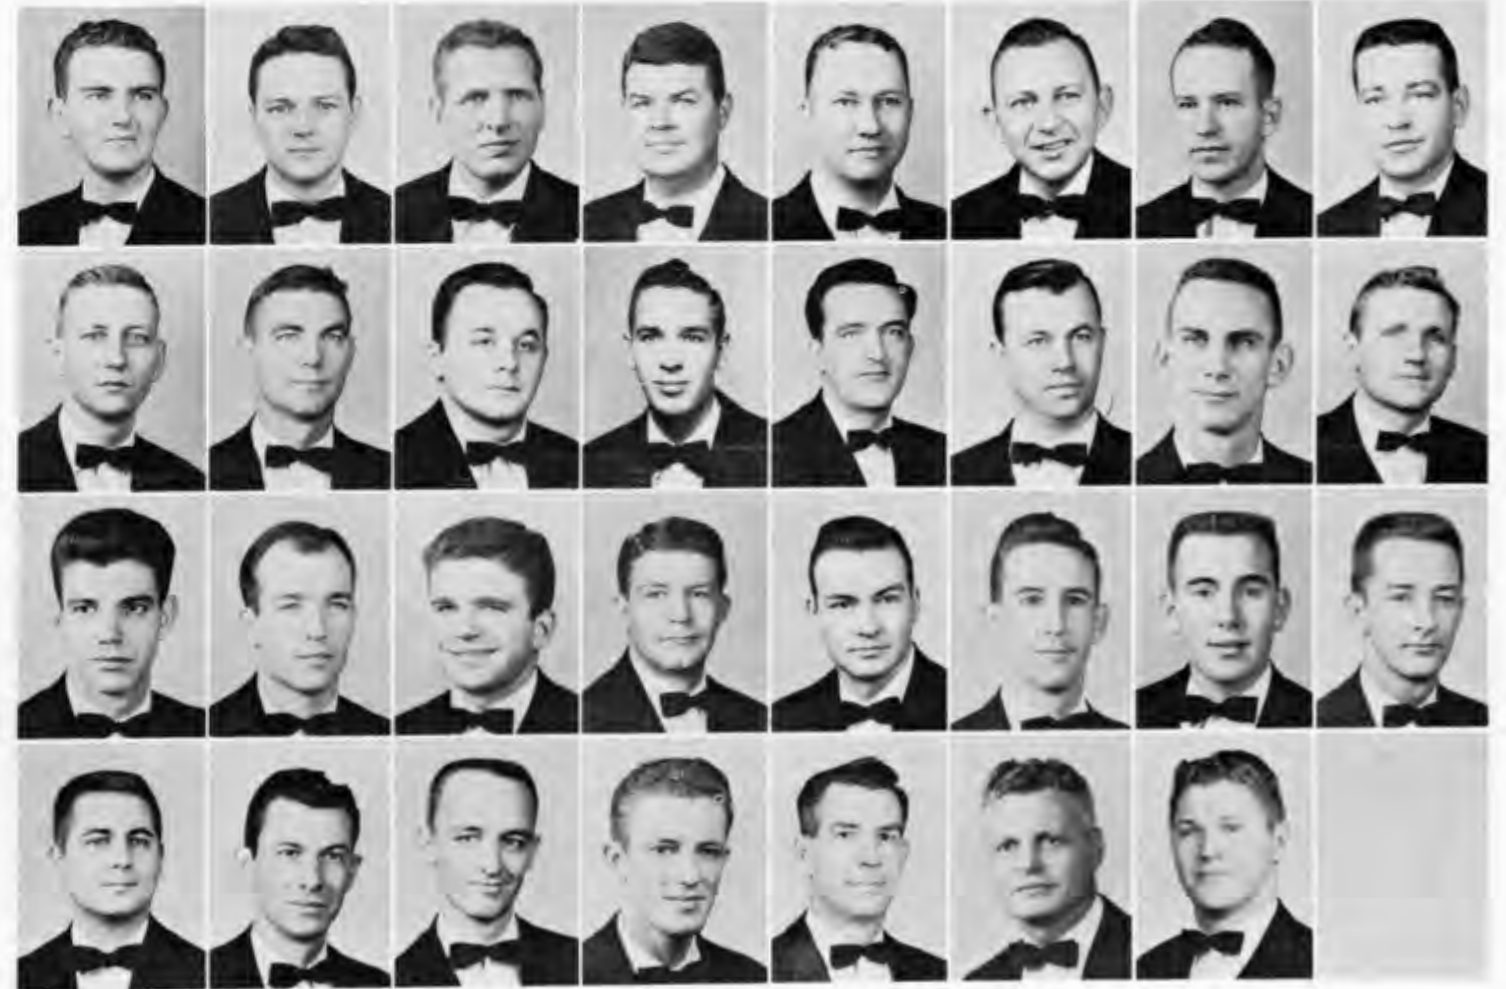

The purpose of the society is to propagate and perpetuate professional ideals and ethics; to exert its influence untiringly for the advancement of the dental profession in methods of teaching, practice and jurisprudence; to elevate and sustain the professional character and education of dentists; to promote among them mutual improvement and good will; and to disseminate knowledge of dentistry and dental discoveries.

DEAN'S SOCIETY

RHO CHI

Initiation Banquet following day of clinics

Alpha Nu Chapter of Rho Chi, national honorary pharmaceutical society, was established at the University of Tennessee in 1948. Eligibility for membership in the society is based on high attainment in scholarship, character, personality, and leadership. All candidates selected for membership must have completed the eighth quarter of the curriculum of the School of Pharmacy.

OMICRON KAPPA UPSILON

Omicron Kappa Upsilon is a society of dentists whose purpose is as stated in the preamble of the society's first constitution, "To encourage and develop a spirit of emulation among students in dentistry and to recognize in an appropriate manner those who shall distinguish themselves by high grade of scholarship."

The society was organized in 1914 at Northwestern University Dental School. The official insignia adopted in 1915 embodies the spirit of the society. The insignia is a key with the letters, O (Omicron), K (Kappa), and U (Upsilon) by the Greek letter S (Sigma). The first three initials, which indicate the name of this society, are derived from three Greek words, Odonotos (teeth) Kai (and), Hygeia (health). The encircling letter S (Sigma) derives from the Greek word Soteria (conservation or preservation), and represents the all embracing ideal of conservation which is the chief concern of the dental profession and its oral health service.

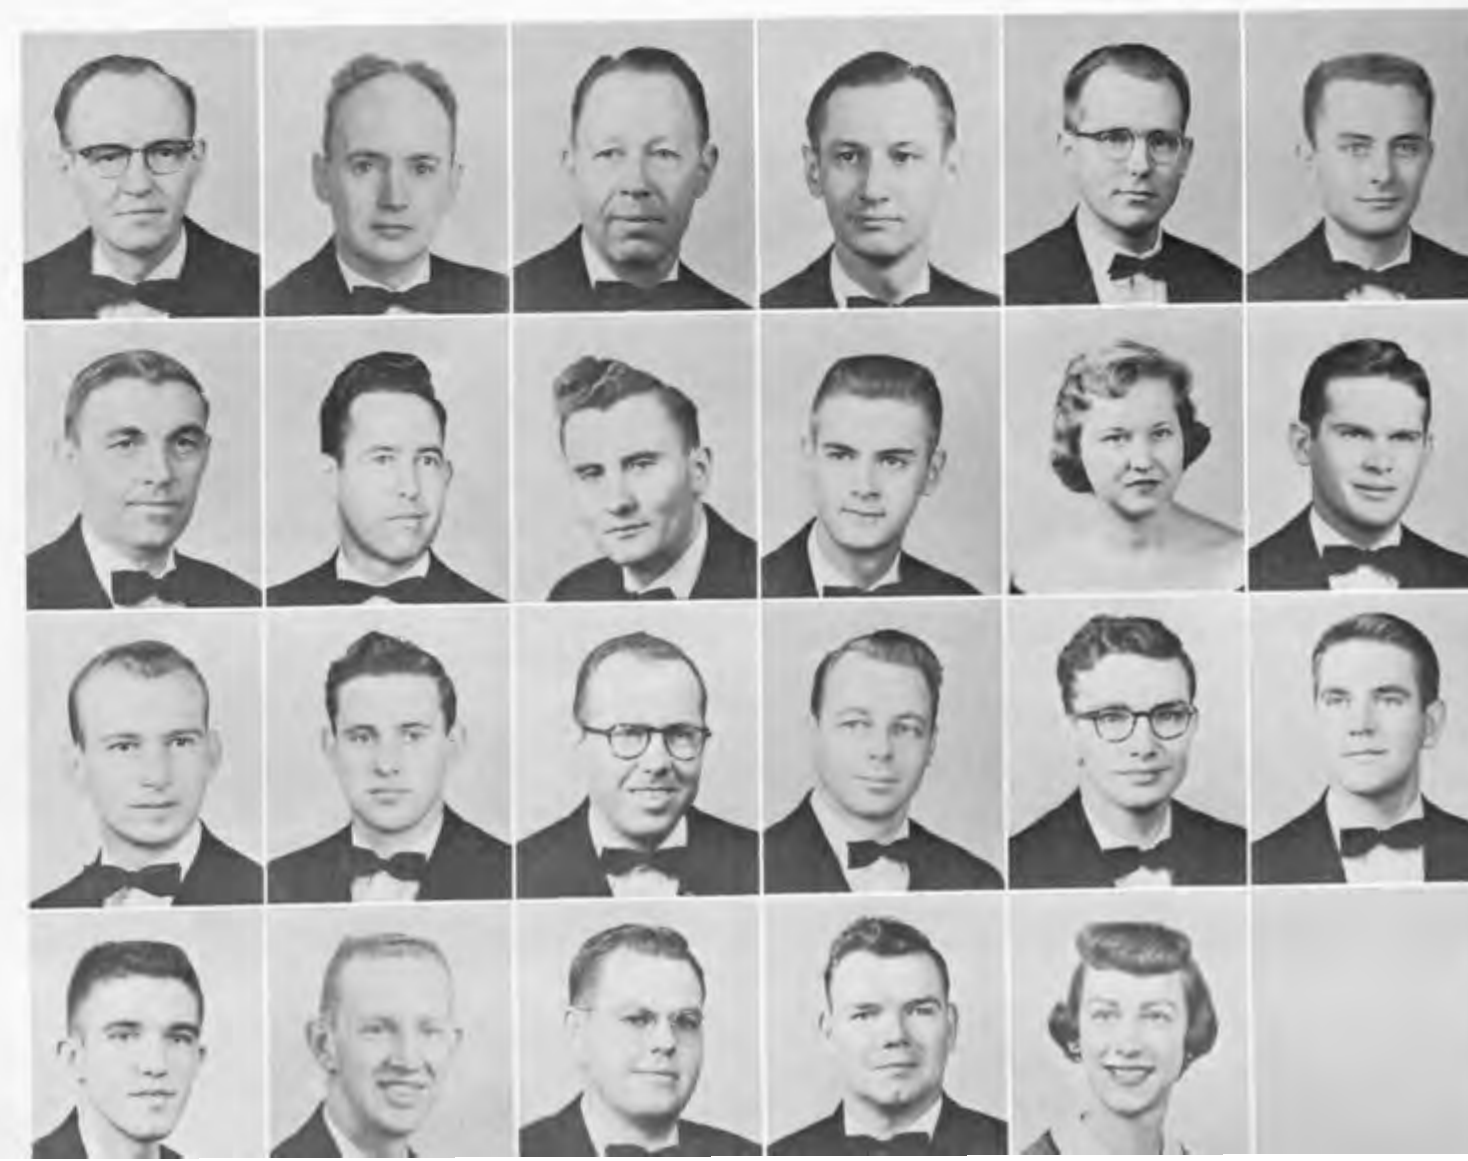

There are 38 chapters with approximately 9,500 members. Psi Chapter was founded May 15, 1929, and now has a membership of 214. Its charter members were R. S. Vinsant, R. D. Dean, C. P. Harris, J. F. Bigger, W. E. Lundy, L. J. McRae, J. J. Ogden, J. D. Towner, and W. J. Templeton.

Election to the society is not only a recognition of accomplishment as a student, but also as insignia of both promise and expectancy of leadership in dentistry after graduation.

STUDENT AMERICAN MEDICAL ASSN.

The Student American Medical Association is an academic society composed entirely of medical students. The National organization was founded in December 1950 "... to advance the profession of medicine, to contribute to the welfare and education of medical students, to familiarize its members with the purposes and ideas of organized medicine, and to prepare its members to meet the social, moral and ethical obligations of the medical profession." The local chapter of SAMA was founded with these principles in mind in the summer of 1956.

With recent reorganization, the formerly small local group has become a rather formidable influence for the medical students.

RUSH PEACE	<i>Vice-President</i>
ORDIE KING	<i>Secretary</i>
BILL MOSELEY	<i>Treasurer</i>

The University of Tennessee Chapter of the Student American Dental Association was formed in November 1955, as requested by the Tennessee State Dental Association and the American Dental Association. A faculty committee consisting of Dr. T. O. Nash, Dr. Granville Sherman, and Dr. T. H. Shipmon, Chairman, was appointed by Dr. J. T. Ginn to assist in the organization and guidance of the Student A.D.A.

The organization is governed by a board of directors consisting of twelve men, each elected by his class, and four officers elected by the entire membership of 310 students.

The purpose of the Student A.D.A. is to broaden the education and knowledge of the student by furnishing monthly to each member, the Journal of the American Dental Association and by bringing nationally recognized researchers and specialists in the dental field to the University for clinical lectures. The Student A.D.A. also acts as a medium by which the student is able to establish a contact with the organized program of the profession during the period he is receiving his education.

The All Students' Club Council is composed of the president of each quarter's class in medicine, dentistry, pharmacy, nursing, dental hygiene, and medical technology. This group serves as a student faculty relations board for specific problems pertaining to students and meets the first Thursday of each month.

In the past year the Council has dealt with many problems, some of which include: the completion of a snack bar in the basement of the University Center, the publishing of a separate Medical Units yearbook, and a change in registration resulting in a pre-registration plan for the summer and winter quarters. In addition the Council promotes the quarterly Get Acquainted Party and the Annual Presentation Dance.

DOT BUCHNER (MRS. WILLIAM BUCHNER)	<i>Treasurer</i>
MARIAN GABA (MRS. WILLIAM GABA)	<i>Council Member</i>
DIANA WOODALL (MRS. MARTIN WOODALL)	<i>Council Member</i>

In 1939 a group of young women sharing the common bond of medical students' wives formed a small social club at the University of Tennessee which was the original Junior Medical Auxiliary. This group became inactive for the next few years, but in 1943 the organization was begun anew with an active membership of 31. They elected officers to direct their group, formed working committees, and adopted a constitution. The purpose of the Auxiliary was "to promote friendship and better fellowship among the wives . . ."

As the organization grew, so did its aims and projects. The Auxiliary's objects are now threefold: "to encourage friendship and good fellowship . . . to prepare for the future role as physicians' wives, and to serve the country and medical school." The Auxiliary's regular activities include welfare work with the children's wards of the college's teaching hospital and a University-wide Book Exchange for the re-sale of used textbooks. Once each quarter the members enjoy a luncheon and the Executive Board serves as hostess to an afternoon tea. Perhaps JMA's greatest service was the establishment early in 1958 of a \$2200 Medical Student Loan Fund which was made possible by a Pancake Party.

The Junior Medical Auxiliary is a vital organization fulfilling the needs of its members for companionship, entertainment, and purposeful activity.

The Junior Dental Auxiliary is composed of Dental Student's wives. The purpose is to promote friendship and good will among its members and serve as a medium for broadening their interest.

The project for the Auxiliary is to supply the Porter Leath Orphanage with tooth paste, and to provide transportation for the children to and from their dental appointments.

A luncheon is given at the end of each quarter honoring the wives of graduating seniors, and at which time an Honorary Diploma is awarded to each wife.

The Junior Pharmacy Auxiliary was organized in the year of 1951 as a means to promote friendship and fellowship among the wives of the Pharmacy students of the University of Tennessee and has grown from 22 members to approximately 75.

The members share beautiful memories as they look back over the past years at the senior luncheons, parties and picnics but most of all they share many satisfying memories of the useful projects carried on during this time. The present projects of the auxiliary are donating food to needy families at Christmas and Thanksgiving and sponsoring a child from Porter Leath Home.

Lambda Kappa Sigma was founded in Boston, Massachusetts, October 14, 1913, for furthering the position of women in the profession of Pharmacy. At present there are thirty-four active chapters in the United States and one chapter in Canada.

The "Mortar and Pestle Club" was formed at the University of Tennessee School of Pharmacy in January, 1950, with its ultimate goal of being affiliated with this national organization. On May 18, 1951, the group was installed as Alpha Epsilon Chapter with eight charter members. Since that time, membership has increased to thirty-seven with one honorary member.

BAPTIST STUDENT UNION

The Baptist Student Union is more than a social fellowship. It is a movement through which the student anchors himself to the church in such a manner that worship maintains itself in his life as a force rather than a form. Intellectual programs are presented in order to meet the spiritual needs of every Baptist student while he pursues his graduate studies in the Medical Center. An imperative for each of us is to know Him—then to make Him known . . .

Meeting Schedule:

Each Friday evening at the University Center 6:30-7:15.

Baptist Student Council Convenes

METHODIST STUDENT MOVEMENT

The Methodist Student Movement is a group, open to all students, which has among its goals the promotion of discussion and Christian worship and the creation of those experiences of fellowship, social activity, and recreation which reflect the highest Christian values. Recently the organization has undertaken the establishment of a center where students may meet one another in a context of warmth, understanding, and friendship.

The Newman Club is the organization of Roman Catholic students and faculty members at the University of Tennessee Medical Units. Throughout the year, the Club offers a religious, intellectual and social program for Catholics on the campus. Meetings are held in the Council Room, University Center, every Tuesday at noon. The members and chaplain take part in seminars centering on Catholic theology and medical ethics. Each year on October 18th, the feastday of Saint Luke the Physician, the Club sponsors a White Mass for all engaged in the healing arts and sciences in the Memphis area. The Medical Units chapter is affiliated with the National Newman Club Federation.

T H E 1 9 5 8 A S K L E P I E I O N

The 1958 ASKLEPIEION is your yearbook and we hope you will be proud of it.

We of the Staff can truly say our work was a new experience for us as this is the first edition of the book. There were no precedents, no time honored traditions to follow and we sincerely hope the life at the University of Tennessee in Memphis, as presented herein, depicts the school accurately.

We have enjoyed the work just as an inventor is proud of his first creation. Our task would have been at times nearly impossible without the efforts and advice of Jim Stockdale who was the driving force in bringing the medical units its own yearbook. We also appreciate the assistance of The Yearbook Board and Dr. George Barlow. Finally to the Benson Printing Company and to Mr. Benson himself, we say a special thank you for being so patient with us.

"The Staff" Meets With Bill Benson
